

GETTING STARTED

Using Wireless IP Handsets

Making a Call

There are several ways to make a call for the convenience of you. However, only the basic function will be introduced in this guide.

Refer to 'Phone Book' section in 'Application Menus' of this guide for how to use the latest originating number, latest called number, directory or abbreviated dial numbers.

Using the Dial Keypad

1. Press the phone number.
 - Use the **dialling pad** to enter the required number. The telephone number will appear on the display.
 - Press the [Cancel] button for a short time to modify an incorrectly entered number, one by one. Press the [Cancel] button for a long time to completely delete all the incorrectly entered numbers at once.

2. Press the  button.
 - Press the  button to hang up the phone.

Answering a Call

Press any button except [Volume] button, or ( Button) to start a conversation while the phone is ringing.

You can set how to answer the incoming call '7. Phone Settings' from Application Menu' in this guide.

Setting the Automatic Key Lock

In order to protect your privacy, this function prevents others from viewing your information.

When the automatic key lock is set, no keys of the phone will work, and functions other than answering a call cannot be used. until you disable the Automatic Key Lock.

To Set up the Automatic Key Lock

Press the  button for more than 2 seconds on the initial screen.

Then, the screen will display the automatic key lock icon .

To Disable the Automatic Key Lock

Press the  button for more than 2 seconds on the initial screen.

And then the automatic key lock function is disabled.

Features Used During a Call

These convenient functions may be used during a call.

Mute on a Call

This is used to block your voice from your phone during a call. But you can still hear the other party.

1. Press the **[MENU]** button during a phone conversation.

2. Press the   button and move to **[1. Mute]**.

3. Press the **[OK]** button.

Conference Call while on the Phone

Setting function for conference call while on the phone.

1. Press the **[MENU]** button while on the phone with other party.
2. Select the **[2. Conference]** using   button.

3. Enter the 3rd party phone numbers who wants to participate in a conference.
4. When the call is connected with the 3rd party, press the **[MENU]** button and select the **[2. Conference]**. Then press the **[MENU]** button once more and select the **[2. Conference]** to start the conference. If you want to delete the one member while in a conference, press the **[MENU]** and select the **[2. Conference]** and enter the member's phone number that you want to delete when the 'make next call' message appears.

Call Transfer

This function allows to transfer a call to the other party during a call conversation.

1. Press the **[Transfer]** button during the conversation.
2. Press the call number to be transferred.
3. Press the **[End]** button to disconnect the call.
4. Press the **[Transfer]** button again in transfer mode to resume the call with the previous caller again.

Holding a Call

This is used to hold a call for a while during a phone conversation.

1. Press the **[Hold]** button during the conversation.
2. Re-press the **[Hold]** button in standby status to resume the hold call.

Menu Structure

Press the **[MENU]** button in idle mode. The main application menu will appear on the screen.

The Menu screen displays the functions-Phone Book, Utilities, Message, Soft Menu, Volume/Ring, Phone Settings, System and Help as icons.
